## **LABORATORY DIAGNOSIS AND INVESTIGATION**

From 1991 till now as a member staff at the department of fisheries, I involved the diagnosis of parasitic, bacterial, and water quality problems associated with freshwater and marine species of fishes under both natural and farmed conditions. Furthermore, I translated the TEXTBOOK OF FISH HEALTH (by G. Post) and INTENSIVE FISH

FARMING (by J. Shepherd and N. Bromage) into Persian. I also published the book of ICHTHYOLOGY ( Fish Biology , Systematic and Ecology) in Persian.

### **TEACHING**

Involved with teaching Ichthyology (Fish Biology and Systematic) ,Zoology and Fish diseases for undergraduate Fisheries students and also teaching Fish Systematic for postgraduate students of Marine Biology.

Part time lecturer in Guilan Azad University, teaching Animal Parasitology.
